

FEATURES & BENEFITS

Security Systems Enhancements

- Large 7" Touchscreen with intuitive graphics and Icons that help simplify operation
- Built-in web server allows users to control their system/devices locally through any Wi-Fi enabled device (iPhone®, iPad®, Android™, BlackBerry® or Internet TV)

Honeywell Tuxedo Touch™

Home Control Benefits

- Built-in Z-Wave® controller allows users to control any Z-Wave enabled locks, lights, thermostats, shades and more
- Save money by conserving energy through user created scenes that can automatically turn off lights, setback temperature and lower shades

Honeywell ZWSTAT

Remote Access Advantages

- Control security system features while you are away through Honeywell Total Connect™ Remote Services
- Receive e-mail notifications of alarm conditions, alerts, motion activation, etc. directly to your smartphone or PC

Total Connect

There's a new, smarter way to connect to your home, it's called Home Connect™ Technology. This technology works by allowing your door locks to wirelessly talk to other things in your house, such as the security system, lighting, thermostat, & home automation system.

Kwikset is a member of the Z-Wave Alliance

Contact your local Honeywell Distributor for details.

RESIDENTIAL ACCESS CONTROL

Home Connect™ Technology

Kwikset's Home Connect Technology enables the door lock to wirelessly communicate with other devices in the home.

KWIKSET® SMARTCODE™ LOCKS WITH HOME CONNECT™ TECHNOLOGY –

A new, smarter way to connect to your home. Home Connect Technology works by allowing your door locks to wirelessly talk to other things in your house, such as the security system, lighting, thermostat, and home automation system. Powered by 4AA batteries, the lock offers true remote locking and unlocking features due to its motorized driven locking mechanism which is an advantage over the competition.

Innovative Security

- Motorized Locking Mechanism—enables true remote locking & unlocking
- Includes SmartKey® Re-key Technology with BumpGuard™ Protection
- Revolutionary Tapered Deadbolt Design—enables misaligned doors to lock without pulling & pushing your door shut
- Full 128-Bit Encryption Security
- One Touch Locking

Easy Integration

- Replaces Existing Door Hardware with just a screwdriver
- No Hard Wiring Needed
- 4 AA Batteries—batteries last for approximately 1 year
- Z-Wave Wireless Protocol 

SmartCode™ Deadbolt
