Unlocked

People   History   Settings

For **Aura locks**, you will need to be within Bluetooth range of the lock to access some features.

Lock Settings

| Setting	Function
Edit Lock Name	Change the name of the lock.
Auto Lock	Disable/enable auto-lock feature that will lock the unlocked door after a time delay.
Lock Sounds	Disable/enable sounds.
LED Status	Disable/enable LED status light.
Secure Screen	Disable/enable Secure Screen which helps prevent fingerprint and code detection on touchscreens.
Paired Smartphones	Remove paired smartphones from the lock.

2 Tap the setting you would like to change and follow the instructions in the chart below to set the parameters.

To **Edit Lock Name**, enter a new name for the lock, then tap "Next" on the virtual keyboard.

Front Door ⊗

Locks within the same Home must have unique names.

To disable/enable **Lock Sounds**, tap on to toggle the setting.

Halo Touchscreen only:

To disable/enable **Secure Screen**, tap on to toggle the setting.
