AH, PARIS. IT MEANS SOMETHING DIFFERENT for everyone.

When you think of the City of Light, do you think first of climbing hundreds of steps to reach Sacré-Coeur, enjoying the unique fountains outside the Centre Pompidou or simply nibbling on a le Macaron from Ladurée as you stroll? With 20 boroughs, or arrondissements, Paris is alive with diversity. No matter which Paris calls to you, each vision is real and true.

Seize that glorious juxtaposition of lifestyles and personalities with Arrondissement. Inspired by 18th Century French, Italian and Gustavian design, this collection is a sophisticated blend of influences as seen through a vintage looking glass. Refining the best lines and shapes these styles offer, such as cabriole legs on a chair or coved posts on a credenza, Arrondissement evokes the beloved iconography of each heritage.

Four finishes help balance the look of Arrondissement— Heirloom Cherry, Sunlight Anigre, Vintage Neutral and Rustic Charcoal. Heirloom Cherry is a darker, more rustic choice that features a variety of aging techniques and emphasizes the natural characteristics of the wood. A lighter wood option, Sunlight Anigre offers a brighter essence, but still possesses a timeworn patina. Finally, Vintage Neutral, an aged white-toned paint finish, and Rustic Charcoal, a rustic black finish with white highlights, lend their own distinctive personalities.

Go back in time and discover what Paris means to you. Whether you gravitate toward the historic sites or the bohemian districts, creating your own homage to La Ville-Lumière is in your grasp. Let Arrondissement reflect the charm and character of Europe's most beloved city in your life today.

## finish / wood characteristics

---

Four diverse finishes give Arrondissement a distinctive look. Heirloom Cherry is a rich, deep finish with amber highlights that utilizes a multitude of aging techniques to add to the unique, natural characteristics of the wood. Sunlight Anigre projects a lighter, more subtle appearance, reminiscent of its namesake anigre, a tropical wood with a tight grain pattern. Two painted finishes, Vintage Neutral and Rustic Charcoal, offer their own special appeal. Vintage Neutral's white paint is transformed through distressing methods into a soothing and fresh neutral, while Rustic Charcoal's dramatic black hue is highlighted with white creating a striking look.

## hardware

---

The richness of Arrondissement is accented by the addition of genuine brass hardware. Featuring an antiqued effect, the brass knobs and pulls are set apart with hints of verdigris and tarnish to capitalize fully on Arrondissement's timeless, European charm.

## fabric

---

Available on select Arrondissement designs are four fabrics in understated, natural colors that explore the complexities of the many shades from sand to cream. A subtle tonal stripe lends dimension to Glace, while Chevron also makes use of texture to create visual depth. Monarque's repeating scroll pattern hints at a more formal influence. Evoking the grandeur of the garden, Botanique's large floral design is an elegant option.
