MAYBE YOU'VE BEEN THERE. Or maybe you've only dreamed of being there. It's the kind of place where you're apt to see a vintage convertible pull up to the entrance, its owners greeted by name.

The kind of place where beach bonfires light up the night, teenagers text on a floating dock and couples exchange sunset vows against a backdrop of crashing waves. Where plein air painters mingle with movie stars who mingle with surfers who mingle with software developers.

It's a mixture of suntan lotion and Chanel No. 5, of black tie and bare feet, of destroyed jeans and designer shoes. It's paddle surfing and the perfect summer job between sophomore and junior year. It's Route 1–East and West—and thousands of shorelines in between. It's old and new, laid back and sophisticated, casual and elegant ... all at the very same time.

It's the new *Coastal Living* Resort Collection from Stanley Furniture.

Balanced effortlessly between the breezy simplicity of shore life and the understated elegance of a five-star hotel, *Coastal Living* Resort brings contemporary sophistication to the coast.

Coastal Living Resort feels designed by a sea captain with exquisitely refined taste. Weathered driftwood, burnished boat fittings, louvered shutters, coral and sea grass serve as inspiration for the collection; its worldliness infused from a trip or two to Asia and Scandinavia.

Clean lines combined with heavy distressing and muted, grain-baring finishes and paint colors add to the collection's natural contemporary look. Box cases on antiqued pewter stands lend an industrial vibe, while woven water hyacinth and coral matelassé upholstery keep it firmly rooted in nature.

With *Coastal Living* Resort, escaping to one of America's acclaimed seaside resorts is as easy as walking through your own front door. Check out time: never.

finish / wood characteristics

Coastal Living Resort features a pallet of muted colors and finishes that mix and match effortlessly, allowing you the freedom to create your own perfect balance of sophisticated yet casual, without an overwhelming amount of options.

Whether it's painted in one of six nature-inspired colors, stained in light or dark tones or finished in Weathered Pier or Sandy Linen, *Coastal Living* Resort is all about the wood. Richly grained white oak veneers and hardwood solids show through, lending a casual, authentically natural feel. Heavy physical distressing completes its well-worn, laid-back look.

Due to their unique application processes, pieces offered in Sandy Linen and Weathered Pier are exclusively offered in those finishes. Most other items can be ordered in any paint or stain finish. Certain woven chairs and bar stools are only available in Sea Oat or Sail Cloth.

design elements

Coastal Living Resort blends a transitional cottage look with sophisticated contemporary lines to create a collection that feels casual yet elegant at the same time. Specific design details give the collection its unique look:

TRANSITIONAL COTTAGE

- Proud drawer fronts: drawers stand “proud” of the case front giving the piece dimension
- Shaped tops: create a transitional feel

SOPHISTICATED CONTEMPORARY

- Contemporary stretchers and floating tops: spare, Parsons-like bases, and floating tops lend an industrial feel.
- X Motif: maritime-inspired antiqued pewter “X” adds contemporary impact.
