THERE'S SOMETHING ABOUT this collection that makes each piece feel like a "find" complete with its own story. There's the antique Provençal Gardens Table discovered in a flea market outside of Amsterdam (the one that cost more to ship home than to buy). Or how about the 18th century industrial shelving happened on while visiting that Belgian artist's loft. (Who could believe he would let it go for so little?) Or the heavy paneled bed with a finish that felt chateau worthy. And those chairs—an entire set still flawless after generations of use.

Introducing European Farmhouse: A collection of furniture that feels as if it was gathered over a lifetime of travel and treasure finding; eclectic pieces that work effortlessly together without being overly matchy-matchy.

The genius of this collection lies in its elegant shapes, generous scale, fresh palette of finishes and mix of materials. Crafted of Dutch white cedar solids with veneers of Dutch white cedar and ash burl, European Farmhouse features four distinct finishes:

Terrain – a rich, hand-waxed coffee tone with artisanal distressing.

Blond – a natural, close-to-the-wood matte finish with a cream-colored accent glaze.

Chalkboard – sophisticated dusty-black.

Temps – an artistic blend of French grey and cream.

Antique brass and antique pewter add to the aged industrial feel of the collection.

European Farmhouse brings elegant lines to rustic materials, old world artistry to modern day functionality. It is both old and new, allowing the collection to serve nearly any decorating style.

European
FARMHOUSE

ELEMENTS OF STYLE

finish / wood characteristics

Made of Dutch white cedar solids with veneers of Dutch white cedar and ash burl, European Farmhouse features four finishes:

- Terrain** – a rich, hand-waxed coffee tone with artisanal distressing.
- Blond** – a natural, close-to-the-wood matte finish with a cream-colored accent glaze.
- Chalkboard** – a sophisticated dusty-black.
- Temps** – an artistic blend of French grey and cream.

A combination of physical and chemical distressing gives European Farmhouse its Old World look:

- Physical distressing includes rasp, rock, worm hole, hand scoring and chiseling (skiving).
- Chemical distressing includes cow tail, spatter, fly speck, bruising, highlights, paste wax, hand rubbing and cream accent glaze.

design elements

Inspired by the bucolic countryside of France, Belgium and The Netherlands, European Farmhouse defies regionality. Style elements include French, Industrial and Dutch, evident in hand-hewn plank tables, serpentine cabinet fronts, antiqued turnbuckles, hand-nailed tacks, Thonet bentwood and industrial pipes.
