# ONE GIANT LEAP FOR KID-KIND.

Punctuality and perfect creases come along soon enough in life. Hang on to carefree childhood as long as you can and give it a friendly welcome home with Harbor Town™. A touch of Caribbean cool breezes run through this collection, with its louvered panels, antique brass and polished nickel hardware, and distressed finishes. That lived-in look and laid-back character make it feel like part of the family from day one.

# A SOLID CASE FOR SELF EXPRESSION.

We take the long view, crafting each piece to last from kiln-dried North American hardwoods and maple veneers. The personality? We leave that to you. Our new finish palette offers a range of classic paints and wood tones. The careful distressing and artful application of a contrasting tint “antiques” our wood tone finishes to project a casual mood. A hand-weathered effect, available in paint finishes, exposes the undercoat around soft corners and edges.

Safety always comes first at Young America where every single crib undergoes the independent, third-party scrutiny of Intertek Check. Their certification is your assurance that Young America is the safest children's furniture you can buy.

With safety assured, look to performance to find the perfect crib. Our crib complements any nursery's décor and also offers the valuable option of converting to a toddler bed when your child is ready. For a crib so versatile it can adapt for use into the tween and teen years, check out the Built to Grow™ crib – innovation that promises sweet dreams for a long, long time.

**Intertek**

Intertek, the leading independent third party certification lab for safety and design, takes us beyond testing, by inspecting and certifying our products.

GREENGUARD Certification means all our cribs and beds have been independently tested to meet the most stringent chemical emissions standards in the world.

**You'll sleep easier when it's Young America.**

With its Made in America quality and safety, its design innovation, and incomparable styling and finish options, Young America helps you create environments that are inspiring, safe, nurturing and healthy for your child. It is in these spaces your child will wonder, create, grow and ultimately become whatever he or she is meant to be.

A safe environment is a pretty big responsibility, and one Young America takes very seriously; so seriously that internal processes for safety testing and quality control surpass even the most stringent regulations set down by the Consumer Products Safety Commission. From the green initiatives for sourcing lumber, to the special formulation of paints and finishes that are sensitive to the indoor air quality, Young America, more than any other manufacturer, takes the safety of your child's personal space to heart.
