A SOLID CASE FOR SELF EXPRESSION.

We take the long view, crafting each piece to last from kiln-dried North American hardwoods and maple veneers. The personality? We leave that to you. Our new finish palette offers a range of classic paints and wood tones. The careful distressing and artful application of a contrasting tint “antiques” our wood tone finishes to project a casual mood. A hand-weathered effect, available in paint finishes, exposes the undercoat around soft corners and edges.

You'll sleep easier when it's Young America.

With its Made in America quality and safety, its design innovation, and incomparable styling and finish options, Young America helps you create environments that are inspiring, safe, nurturing and healthy for your child. It is in these spaces your child will wonder, create, grow and ultimately become whatever he or she is meant to be.

A safe environment is a pretty big responsibility, and one Young America takes very seriously; so seriously that internal processes for safety testing and quality control surpass even the most stringent regulations set down by the Consumer Products Safety Commission. From the green initiatives for sourcing lumber, to the special formulation of paints and finishes that are sensitive to the indoor air quality, Young America, more than any other manufacturer, takes the safety of your child's personal space to heart.
