

HUDSON STREET™

HUDSON STREET reflects a vibrant and metropolitan self-assured elegance. Exhibiting an air of confidence and a casual touch of glamour, the group appeals to sophisticated consumers with a heightened sense of style.

Grounded in mid-20th century design, the group presents a clean, cosmopolitan design with a historical reference. The collection, available in two stunning finishes, offers straightforward lines, softened by graceful ovals, curved fronts and gently splayed legs. Beaded details and custom hardware combine to recall the sophistication of the 1930s, 40s and 50s. Surfaces are imbued with a dark espresso or a warm cocoa, lightly distressed finish that accentuates the striking walnut veneers and maple

solids. Unexpected elements of distressed antique silver soften modern lines, while chocolate shagreen adds texture to create a sense of freshness and flair. Natural dark emperador marble with a rubbed finish and sandstone color fabrics are invitingly appealing.

Best of all, because Stanley Furniture builds exceptional quality into Hudson Street at every step of the furniture-making process, you can be sure the selections you make today will remain a treasured part of your life for years to come.

finish / wood characteristics and hardware

HUDSON STREET offers two beautiful lightly distressed finishes on all its pieces of maple and select hardwood solids and walnut veneers—an inviting Dark Espresso and a soothing Warm Cocoa finish. Beaded fronts also add a special accent and panache to select items, while an unusual chocolate faux shagreen finish on other drawer fronts add interest, texture and flair. Hudson Street drawers and doors are accented by simply designed custom hardware to soften the clean modern lines of the collection.

fabrics and surfaces

SHERLOCK LINEN

MOPPET SLATE

Two fabric selections offer subtly different takes on elegance. Sherlock Linen provides understated texture. For a more restrained, natural look Moppet Slate blends with any décor. Both options are treated for soil resistance to preserve their good looks for a lifetime of use.
