INFINIUM™

PREMIUM PLASTIC DRINKWARE

[www.eandsperformance.com](http://www.eandsperformance.com)

855.384.2590

**Elevate casual environments.** Bring a more upscale, trendy vibe to beverage service where plastic is a preferred option.

With Infinium, you and your guests can relax as you express your creativity in plastic drinkware with **industry-leading durability.**

It's another premium drinkware experience from the **experts** at setting the standards in **foodservice innovation.**

## The premium experience in plastic drinkware

Libbey® Foodservice is proud to introduce Infinium™ premium plastic drinkware. Made of **100% BPA-free Tritan™ copolyester**, Infinium mimics the clarity of glass and is virtually unbreakable.

Retaining its beauty and durability longer than acrylic, SAN or polycarbonate, it is the perfect choice for foodservice venues, such as:

**Poolside • Cruise ships • Outdoor dining • Nightclubs**

Infinium provides the kind of replacement-reducing, stress-relieving performance other plastics simply cannot match:

**Tough** – highly resistant to impacts, cracking, crazing and shattering

**Dishwasher durable** – maintains a “like new” appearance even after hundreds of cycles

**Industry-leading resistance** – resists virtually all stains, odors and tainting of beverage flavors

**Temperature resilience** – able to withstand extreme temperatures, up to boiling or freezing points (212°F/100°C to 32°F/0°C)

**Innovative design** – space-saving tumblers stack without sticking and inhibit water pooling on the bottom

With a range of visually stunning designs, leverage the lasting appeal of Infinium across your drink menu.
